SlipNOT® Provides Slip Resistant Stainless Steel Nosing to Ameritech Office Building to Provide Safety and Design

Company: Ameritech

Location: Arizona

Industry: Commercial

Website: www.att.com

*Ameritech, a telecommunications company, which was part of the seven Regional Bell Operating Companies, is now acquired by AT&T Inc. At an office in Arizona, stairs were often becoming slippery from weather elements and foot traffic. Ameritech contacted **SlipNOT®** for an easy solution to their slippery stairs.*

The Situation:

Ameritech is a telecommunications company located in Arizona. Ameritech was created as a holding company for Illinois Bell, Indiana Bell, Michigan Bell, Ohio Bell and Wisconsin Bell. It was later acquired by SBS and is currently a part of AT&T. The office in Arizona was seeking a slip resistant solution to slippery stairs in their office. Ameritech wanted a contemporary and aesthetically pleasing product that would complete the look of the office while providing slip resistance safety to workers.

SlipNOT® Project Summary

- Grade 2 stainless steel stair nosings installed on Ameritech's staircase
- The stainless steel nosing helped to create a safe walking surface for workers at the office.

The Solution:

Ameritech contacted **SlipNOT®** Metal Safety Flooring for a solution to their slippery stairs. **SlipNOT®** provided stainless steel nosing as the optimal solution for the project. Stainless steel nosing was the ideal choice because it provides slip resistance to slippery stairs to protect workers while also giving the office building the aesthetically pleasing look Ameritech was seeking that helped complete the contemporary architecture. **SlipNOT®** nosing is also a cost efficient solution versus replacing the entire stair.

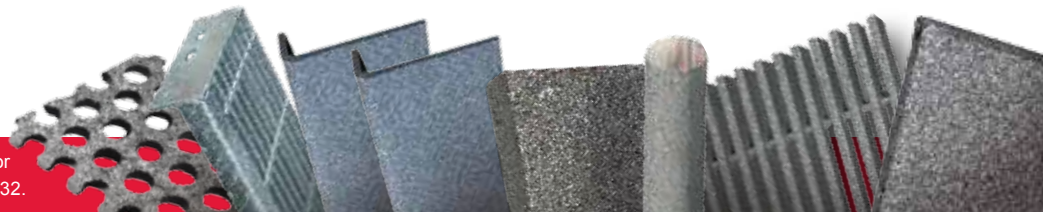

The Impact:

SlipNOT® slip resistant stainless steel nosing provided Ameritech with the slip resistant safety and architectural pleasing look they wanted to achieve. **SlipNOT®** steel nosing has provided Ameritech and its employees with years of slip resistant safety to keep workers on their feet.
